How can you buy a book, save some money and support ANPC?

The *Rare Vascular Plants of Alberta* is available from the ANPC. We are selling books to members for only \$25.00 each. This is a 16% discount, but with the added benefit of no GST, it is equivalent to a saving of 22% or

\$7.05 per book. What a bargain! And, the ANPC makes \$4.17 for each guide sold.

Members can place orders using the order form. You must be a member to qualify for this discount. However, shipping charges (\$6.00 postage and handling for 1 book and \$1.00 for each additional book in an order) will need to be added to orders. Even at \$31.00 (\$25.00+\$6.00), you still save \$1.55 per book and the ANPC profits from your sale.

*Note to the potential buyers: According to our agreement with the U. of A. Press, we can only sell books to ANPC members and to people attending lectures and workshops involving the editors of the book and/or ANPC members. It's important that we sell only to non-competing markets. Consequently, if friends or fellow researchers are visiting from out-of-town and want to buy a copy, we can sell them one, but we can't sell books to local people who aren't affiliated with the ANPC. The price for non-members is \$30.00 each (with no GST). Maybe this is an incentive for new members to join!
